Docket No. RP05-

Ladies and Gentlemen:

Transcontinental Gas Pipe Line Corporation (“Transco”) hereby submits for filing with the Federal Energy Regulatory Commission (“Commission”) *pro forma* Tariff Sheet No. 33B to its FERC Gas Tariff, Third Revised Volume No. 1, which tariff sheet reflects the removal of certain points from the List of Gathering Points included thereon.

Statement of Nature, Reasons and Basis and Proposed Effective Date

The purpose of the instant filing is to reflect, on a *pro forma* basis, the removal of the South Timbalier Block 300/301 and the South Timbalier Block 301 points (“Eliminated Gathering Points”) from the list of gathering points included in Transco’s FERC Gas Tariff to which a separately stated gathering rate applies. The instant filing originates from an agreement between Transco and Shell Offshore, Inc. (“SOI”), under which Transco will sell to SOI the South Timbalier Block 300 “A” Dehydration Facility¹, a facility which is classified as gathering for rate and accounting purposes and constitutes the basis for Transco’s imposition of a gathering rate applicable to volumes traversing the South Timbalier Block 300/301 and the South Timbalier Block 301 points.

1 The South Timbalier Block 300 “A” Dehydration Facility is an uncertificated facility that was constructed as an auxiliary installation pursuant to 18 C.F.R. § 2.55(a).

The agreement provides that the sale of the South Timbalier Block 300 "A" Dehydration Facility will be effective on the day following the date that a FERC order accepting and approving the instant filing becomes no longer subject to rehearing or judicial review under Section 19 of the Natural Gas Act. Coincidental with the effective date of the sale of the South Timbalier Block 300 "A" Dehydration Facility, the Eliminated Gathering Points will be removed from Transco's tariff (as reflected on *pro forma* Tariff Sheet No. 33B) and, as a result, Transco will no longer assess a gathering rate at the Eliminated Gathering Points. In order to terminate Transco's gathering rate at the Eliminated Gathering Points consistent with the foregoing, Transco requests that the Commission issue an order (i) accepting the instant filing, and (ii) directing Transco to make a compliance filing subsequent to the effective date of the sale, containing a paginated Tariff Sheet No. 33B (identical in form to *pro forma* Tariff Sheet No. 33B) to be effective on such effective date. Further, Transco requests that the Commission issue an order approving the instant filing within 30 days of the date hereof in order that the sale and removal of the Eliminated Gathering Points may be implemented expeditiously.

Waivers

Transco respectfully requests that the Commission grant any waivers necessary to accept and approve the instant filing as requested herein. Transco suggests that good cause exists to grant any such waivers because the *pro forma* tariff sheet submitted with this filing is necessitated by the fact that Transco does not and cannot know with certainty, at the time of this filing, the date on which FERC's order accepting the instant filing will become no longer subject to rehearing or judicial review. As noted above, such date is the date on which the sale of the South Timbalier Block 300 "A" Dehydration Facility will be effective and is the date Transco requests for the effectiveness of the revised Tariff Sheet No. 33B pursuant to which Transco will no longer assess a gathering rate at the Eliminated Gathering Points.

Materials Submitted Herewith

In accordance with Section 154.7(a)(1) of the Commission's Regulations (Regulations), the following material is submitted herewith:

- (1) In accordance with Section 154.209 of the Regulations, a proposed form of notice for the instant filing suitable for publication in the Federal Register, and a diskette copy of such notice labeled NT060705.ASC; and
- (2) the *pro forma* tariff sheet, and a *pro forma* redlined version of the tariff sheet submitted in accordance with Section 154.201(a) of the Regulations.
