1. Subject to the terms and provisions of this agreement and of Seller's Rate Schedule IT, Buyer agrees to deliver or cause to be delivered to Seller gas for transportation and Seller agrees to receive, transport and redeliver natural gas to Buyer or for the account of Buyer on an interruptible basis. In no event shall Seller be obligated to receive at any point(s) of receipt a quantity of gas in excess of the daily quantity scheduled for delivery to Seller. Nor shall Buyer tender at any one or all point(s) of receipt a cumulative quantity of natural gas in excess of such daily quantity without the prior consent of Seller.

2. Transportation service rendered hereunder shall be subject to curtailment or interruption when in Seller's judgment such curtailment or interruption is necessary due to operating conditions or insufficient pipeline capacity available on Seller's system, or is otherwise necessary to protect authorized firm services. In the event Seller is unable to receive or deliver the total quantity of natural gas requested to be transported for all Buyers of service under Rate Schedule IT, then Seller shall allocate available capacity among such Buyers in accordance with Section 6 of Seller's Rate Schedule IT and Section 28 of the General Terms and Conditions of Seller's FERC Gas Tariff.

ARTICLE II  
POINT(S) OF RECEIPT

Buyer shall deliver or cause to be delivered gas at the point(s) of receipt hereunder at a pressure sufficient to allow the gas to enter Seller's pipeline system at the varying pressures that may exist in

such system from time to time; provided, however, that such pressure of the gas delivered or caused to be delivered by Buyer shall not exceed the maximum allowable operating pressure specified below.

In the event the maximum operating pressure of Seller's pipeline system, at the point(s) of receipt hereunder, is from time to time increased or decreased, then the maximum allowable pressure of the gas delivered or caused to be delivered by Buyer to Seller at the point(s) of receipt shall be correspondingly increased or decreased. The point(s) of receipt for natural gas received for transportation pursuant to this agreement shall include all available points of receipt on Seller's System as posted by electronic means on 1Line.

### ARTICLE III POINT(S) OF DELIVERY AND PRESSURE(S)

Seller shall redeliver to Buyer or for the account of Buyer the gas transported hereunder at any available point(s) of delivery as posted by electronic means on 1Line.

This agreement shall be effective as of \_\_\_\_\_, \_\_\_\_\_ (year) and shall remain in force and effect through \_\_\_\_\_, \_\_\_\_\_ (year) and thereafter until terminated by Seller or Buyer upon at least thirty (30) days' written notice to the other specifying a termination date; provided, however, this agreement shall terminate immediately and, subject to the receipt of necessary authorizations, if any, Seller may discontinue service hereunder if (a) Buyer, in Seller's sole judgment, fails to demonstrate credit worthiness, and (b) Buyer fails to provide adequate security in accordance with Section 32 of the General Terms and Conditions of Seller's Volume No. 1 Tariff.

### ARTICLE V RATE SCHEDULE AND PRICE

1. Buyer shall pay Seller for natural gas delivered to Buyer hereunder in accordance with Seller's Rate Schedule IT and the applicable provisions of the General Terms and Conditions of Seller's FERC Gas Tariff as filed with the Federal Energy Regulatory Commission, and as the same may be legally amended or superseded from time to time. Such rate schedule and General Terms and Conditions are by this reference made a part hereof. In the event Buyer and Seller mutually agree to a negotiated rate pursuant to the provisions of Section 53 of the General Terms and Conditions and specified term for service hereunder, provisions governing such negotiated rate (including surcharges) and term shall be set forth on Exhibit A to the service agreement.

2. Seller and Buyer agree that the quantity of gas that Buyer delivers or causes to be delivered to Seller shall include the quantity of gas retained by Seller for applicable compressor fuel and line loss make-up in providing the transportation service hereunder, which quantity may be changed from time to time and will be specified on the currently effective Statement of Rates and Fuel in Part II, Section 12.1 of this tariff which relate to service under this agreement and which are incorporated herein.

3. Buyer shall reimburse Seller for any and all filing fees incurred as a result of Buyer's request for service under this rate schedule, to the extent such fees are imposed upon Seller by the Federal Energy Regulatory Commission or any successor governmental authority having jurisdiction.
