Federal Energy Regulatory Commission
888 First Street, N.E.
Washington, D.C. 20426

Attention: Kimberly D. Bose, Secretary

Reference: Transcontinental Gas Pipe Line Corporation
Docket No. RP09-____

Ladies and Gentlemen:

Pursuant to Part 154 of the regulations of the Federal Energy Regulatory Commission (“Commission”), Transcontinental Gas Pipe Line Corporation (“Transco”) hereby submits for filing certain revised tariff sheets to its FERC Gas Tariff, Third Revised Volume No. 1, which sheets are enumerated in Appendix A attached hereto. The proposed effective date of the attached tariff sheets is December 27, 2008.

Statement of Nature, Reasons and Basis

The purpose of the instant filing is to update Transco’s system and zonal maps that reflects the general location of Transco’s principal pipeline facilities and the points at which service is rendered under Transco’s Gas Tariff.

Proposed Effective Date

The tariff sheets submitted herein are proposed to be effective December 27, 2008. In the event the Commission elects to accept and suspend the revised tariff sheets submitted herein, in accordance with Section 154.7(a)(9) of the Commission’s Regulations (Regulations), Transco moves to place such tariff sheets into effect at the end of the applicable suspension period.

Request for Waiver

Transco respectfully requests that the Commission grant a waiver of Section 154.201(a) of its Regulations which require the submission of a marked, or “red-line”, version of the tariff pages to be changed. The software used to develop Transco’s existing system and zonal maps is no longer utilized today. The proposed system and zonal maps are distinctly different in design as compared to the existing maps making it impractical to provide a marked version. In lieu of a marked version of the tariff sheets, Appendix B attached hereto lists major changes to the principal pipeline facilities and any additions and deletions to the points at which service is rendered.

Materials Submitted Herewith

In accordance with Section 154.7(a)(1) of the Regulations, the following material is submitted herewith:

- (1) Appendix A which contains the enumeration and effective date of the revised tariff sheets and the revised tariff sheets;
- (2) Appendix B which contains major changes to the principal pipeline facilities and additions and deletions to points at which service is rendered; and
- (3) As required by Section 154.4 of the Regulations, a diskette copy of the revised tariff sheets labeled TF112608.ASC.

Posting and Certification of Service

In accordance with the provisions of Section 154.2(d) of the Commission’s Regulations, copies of this filing are available for public inspection, during regular business hours, in a convenient form and place at Transco’s main office at 2800 Post Oak Boulevard in Houston, Texas. In addition, Transco is serving copies of the instant filing to its affected customers and interested State Commissions.

Any communications regarding this filing should be sent to:

APPENDIX B

List of Major Changes to Transco's Principal Facilities and Points at which Service is Rendered

Major Changes to Principal Facilities:

On May 30, 2008, the FERC Commission issued an order under Docket No. CP08-22 and CP08-25, approving Transco's abandonment by sale to DCP Midstream, LP of its onshore pipeline facilities upstream of Transco's La Gloria Lateral in Jim Wells County, Texas ("South Texas Facilities"). The effective date of the abandonment by sale of the South Texas Facilities was June 30, 2008. Transco has deleted the South Texas Facilities from the maps submitted herein.

In addition to the foregoing changes, identified below are other deletions and additions to points at which service is rendered.
