

2016 Winter Operations Meetings

Pages Revised January 2017

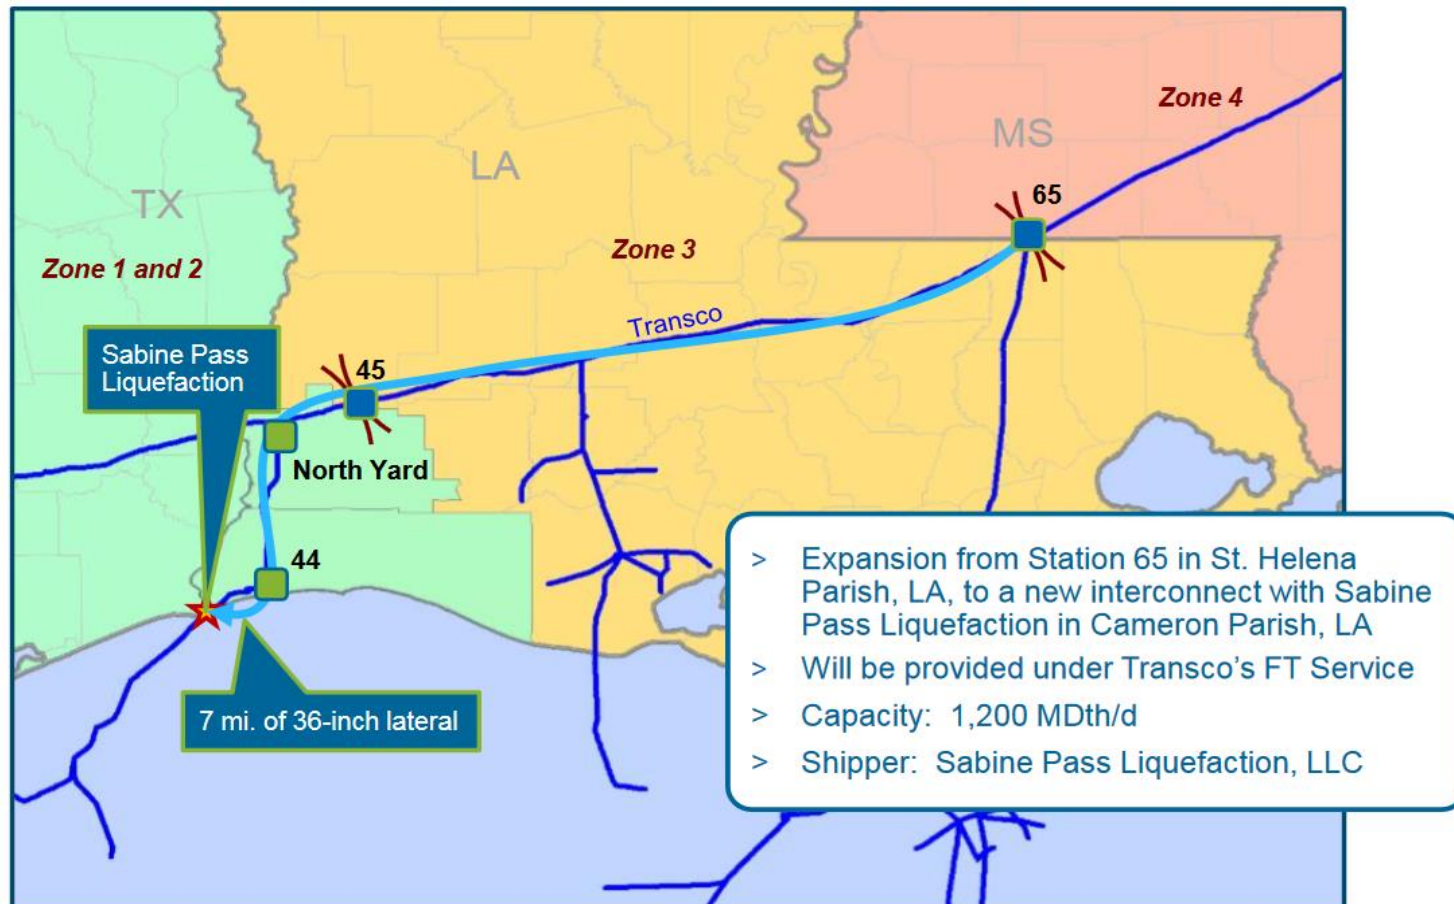

A large white flag with the Williams logo (the word "Williams" in black with a blue swoosh) waving in the wind against a blue sky. The flag is attached to a silver pole on the left side.

Williams

Expansion Project Impacts

> Gulf Trace

- Project shippers (and their replacement shippers) will have secondary rights on the Southwest Louisiana lateral within the path of the Gulf Trace expansion project.

Expansion Project Impacts

> Dalton

- An optional transfer point to move from mainline to new Dalton line will be available

> Hillabee

- A new delivery point will be established at the same milepost as the Station 85 Pool allowing customers to deliver gas from their pool to the Sabal Trail leased capacity. Will match on package ID, Contract and BA.

> Secondary Rights for existing shippers

- Existing shippers will gain secondary rights on expansion project laterals such as the Rock Springs Lateral, Dalton Lateral, and Central Penn Line that are in the Market Area. Existing shippers will not gain secondary rights on incrementally-priced expansion project laterals in the Production Area, consistent with Commission orders on secondary rights in Transco's production area.
