My Dashboard

Introduction

My Dashboard will provide quick access to information that can be used on a regular basis and other critical information that will assist in monitoring your daily business. You will also be able to customize your Dashboard with 1Line Favorite Page links, view your Report Subscriptions for easy access or change and save your personalized layout of the dashboard. **Bold** items will designate available links to view or alerts for areas needing prompt attention, such as: retro's that are pending or about to expire; contracts expiring; and penalty charges. The items displayed solely depend on the login user's assigned roles.

My Dashboard will load once the user logs into 1Line.

The screenshot shows the 'My Dashboard' interface. A red arrow points to the 'My Dashboard' tab in the top navigation bar. The dashboard content includes a 'WGP Contacts' section with two tables: 'Customer Service Representative' and 'Scheduling Representatives'. Below this are three columns of widgets: 'Action Required', 'Customer Resources/Action Required', and 'Pipeline Operations'. At the bottom are three more widgets: '1Line Favorite Pages', 'Report Subscriptions', and 'Customer Feedback'.

Customer Service Representative			Scheduling Representatives

Customer Feedback

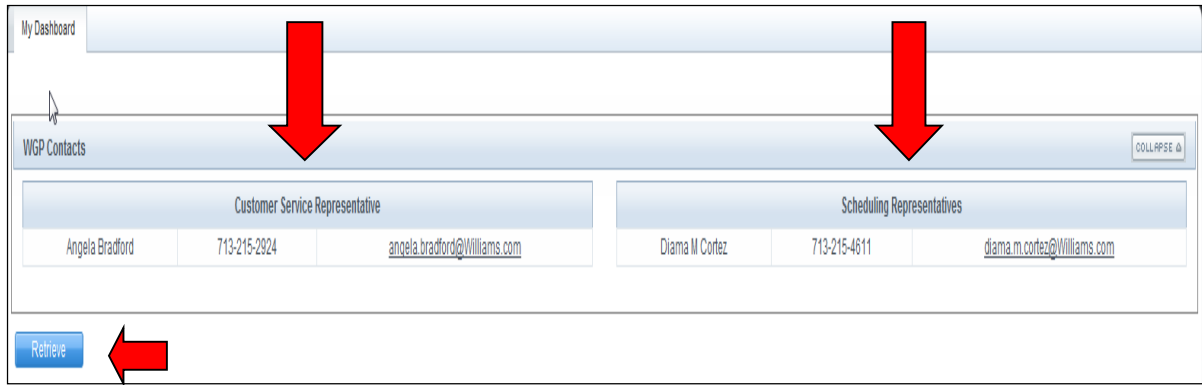

Do you like 1Line v2.0?

Results To Date:

Yes: 8 (62%) No: 5 (38%)

WGP Contacts

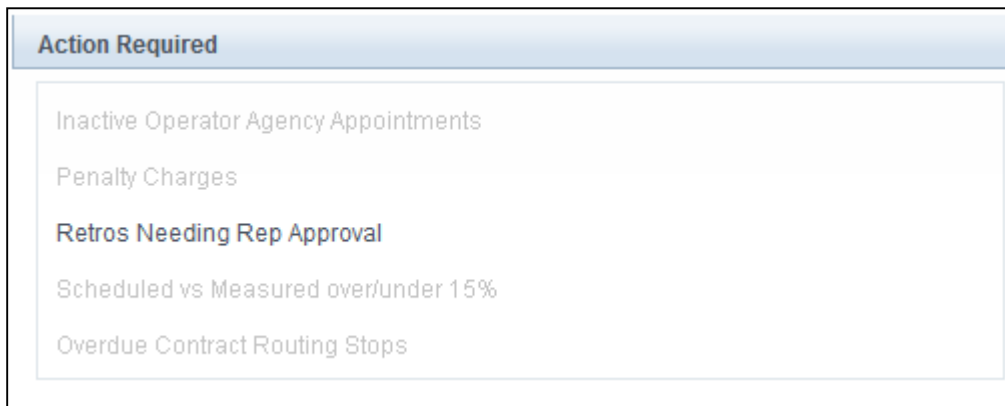

The first section of **My Dashboard** displays the user's WGP Contacts.

When the user selects **Retrieve**, My Dashboard will update to the latest information available.

Action Required

The “**Action Required**” section contains alert items that will be **bold** if any action is required. By selecting the bold item, a prompt box will appear with a detail description of the item that needs attention.

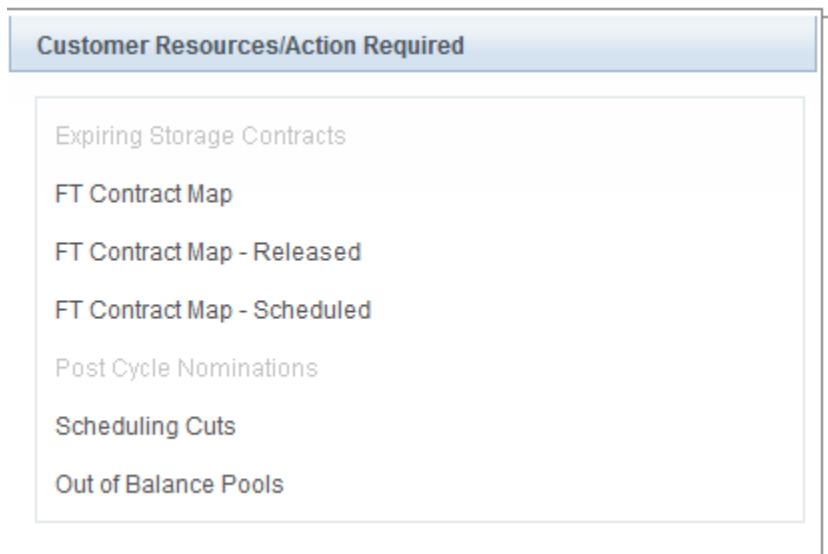

Explanations:

1. **Inactive Operator Agency Appointments**: click on the **bold** item and the prompt box will display the location operator and user of the operator BA with the Confirmation role. When a specific location is on an Agency Agreement and the Operator changes, the agency agreement needs to be amended to remove the location.
2. **Penalty Charges**: for the user with Billing and Invoicing Charge View role, click on the **bold** item and the prompt box will display the contracts and rate schedule. More information will be available on the Invoice.
3. **Retros Needing Rep Approval**: click on the **bold** item and the prompt box will display the retro request pending stop that requires approval from the users’ Transportation Services Representative.
4. **Scheduled vs Measured over/under 15%**: click on the **bold** item and any locations that have variations of scheduled versus measured are displayed. This may require corrective action such as a nomination change.

5. **Overdue Contract Routing Stops:** the user with Contract Execution role can click on the **bold** item to display a contract that has a pending Shipper Execution routing stop that requires approval.

Customer Resources/Action Required

The “**Customer Resources/Action Required**” section may assist the customer in identifying items that may need attention or action.

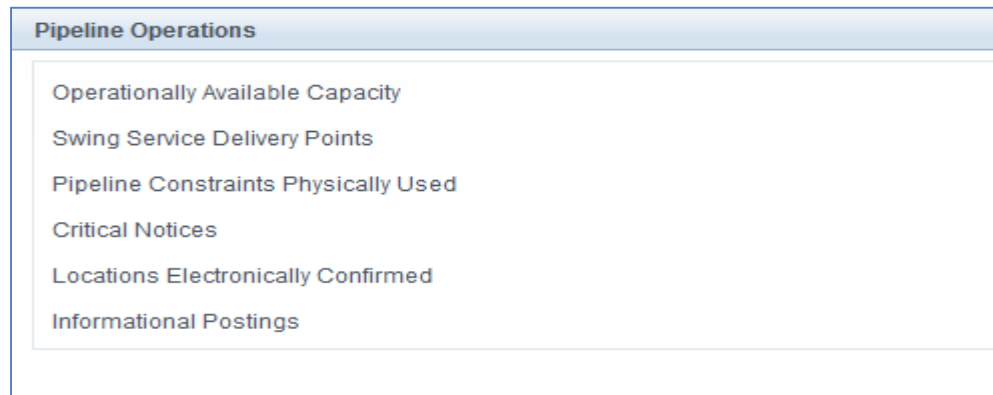

Explanations:

1. **Expiring Storage Contracts:** click on the **bold** item and a prompt box will display storage contracts that are going to expire in 15 days or less for the user with Contract Maintenance or Contract View role.
2. **FT Contract Map(link):** click on the **bold** item and it opens a new tab for the user with Contract View role. This page provides a high level graphical presentation of a firm contract’s MDQ and breaks down the primary and secondary capacity rights along the contract path on a pipeline map.
3. **FT Contract Map-Released(link):** click on the **bold** item and it opens a new tab where you can view your FT contract’s released segments as well the releasable amounts still available along the contract path.
4. **FT Contract Map-Scheduled(link):** click on the **bold** item and it opens a new tab where you can view your FT contract’s scheduled segments as well the under-utilized amounts still available along the contract path.
5. **Post Cycle Nominations:** click on the **bold** item and a prompt box will display post nominations that require confirmation approvals.
6. **Scheduling Cut Analysis:** click on the **bold** item and a prompt box will display a detailed description of the transaction by contracts that have been cut for a specific cycle.

7. **Out of Balance Pools:** click on the **bold** item and a prompt box will display a detailed description of the pool(s) that are out of balance for a specific cycle.

Pipeline Operations

The "**Pipeline Operations**" section provides hyperlinks for easy access to specific 1Line areas.

Explanations:

1. **Operationally Available Capacity:** click on this **bold** hyperlink and it will load the Operationally Available Capacity Map.
2. **Swing Service Delivery Points:** click on this **bold** hyperlink and it will load the Swing Service Delivery Points and Delivery Constraint Points Map.
3. **Pipeline Constraints Physically Used:** click on this **bold** hyperlink and it will load a report request for Pipeline and Location Delivery Point Constraints-Physically Used. Select a Begin Flow Date then click on View Report.
4. **Critical Notices:** click on this **bold** hyperlink and it loads the Critical Notices list that is located on the Information Postings page.
5. **Locations Electronically Confirmed:** click on this **bold** hyperlink takes you to the Notice on the Portal that lists all the Interconnecting Pipelines and their locations who confirm electronically in 1Line.
6. **Informational Postings:** click on this **bold** hyperlink takes you to the 1Line Portal Informational Postings page.

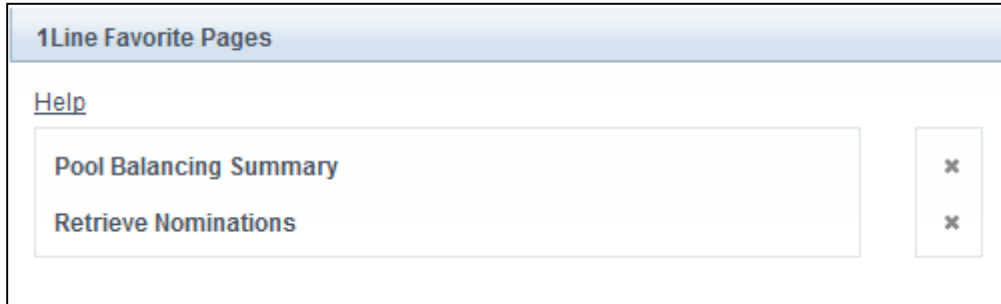

1Line Favorites Pages

The "**1Line Favorite Pages**" section lets a user customize their Favorite 1Line pages.

When you hover over the **Help**, it provides the instructions on how to add your favorite 1Line pages.

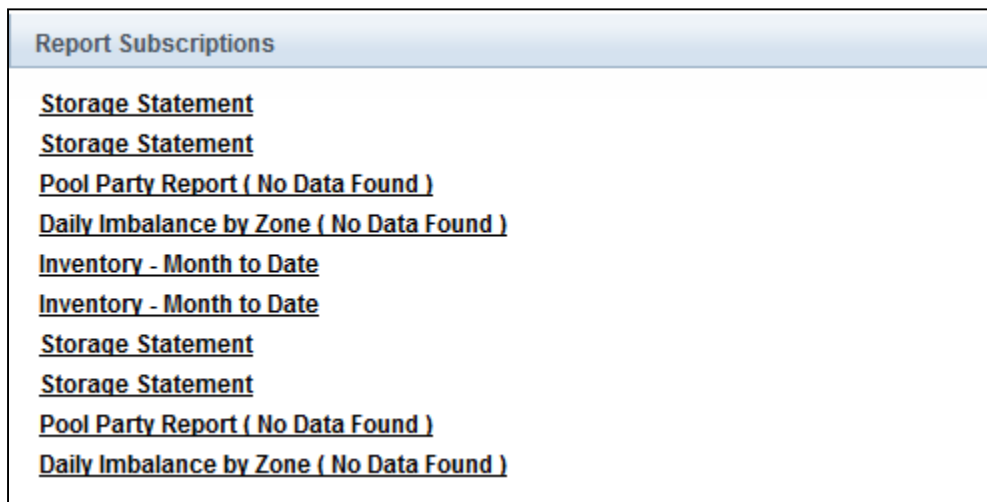

Once you add your 1Line Favorite page links, you can click on the **bold** page name, such as Retrieve Nominations, a new tab opens and the Retrieve Nominations page is now available to access. When you add seven or more 1Line Favorite page links, a scroll bar will be available.

To remove a favorite page from your lists, click on the **X** to the right of that page name.

Reports Subscriptions

The “**Report Subscriptions**” section will display reports where a user has set up a subscription. The user will click on the report name and the report will load.

Customer Feedback

The “**Customer Feedback**” section will display a question where a user may select a **Yes** or **No** from the drop down box and then **Submit** their response.

Customize My Dashboard Sections

The user also has the ability to rearrange or hide the sections on their dashboard and save the preferred layout. Select the **Customize** action, you now have the ability to hide sections and items by clicking on your desired change. When you click **Hide**, the section or item will change to **Show**, then select **Save**. To un-hide a section or item, click on **Show**, then **Save**.

To rearrange and moved the sections, select **Customize** then with a left click in the section, drag it to the new location. After customized changes have been completed, select **Save**. If you want the moved sections back to the original display, select **Reset** then **Save**.

The screenshot shows a dashboard titled "My Dashboard" with a "Retrieve" button on the left and "Reset", "Cancel", and "Customize" buttons on the right. A red arrow points to the "Customize" button. The dashboard is divided into several sections:

- Action Required**: Inactive Operator Agency Appointments, Penalty Charges, Scheduled vs Measured over/under 15%, Overdue Contract Routing Stops.
- Customer Resources/Action Required**: Expiring Storage Contracts, FT Contract Map, FT Contract Map - Released, FT Contract Map - Scheduled, Post Cycle Nominations, Scheduling Cuts, Out of Balance Pools.
- Pipeline Operations**: Operationally Available Capacity, Swing Service Delivery Points, Pipeline Constraints Physically Used, Critical Notices, Locations Electronically Confirmed, Maintenance Schedule, Informational Postings.
- 1Line Favorite Pages**: Retrieve Nominations, Retro Request List, Pool Balancing Summary.
- Report Subscriptions**: (Empty)
- Customer Feedback**: Would you be interested in a downloadable daily details invoice report? (Select...), Submit button, Results To Date: (Empty)

Red annotations highlight the "Customize" button, the "Pipeline Operations" section, and the "1Line Favorite Pages" section. A red arrow points from the "Pipeline Operations" section to the "1Line Favorite Pages" section, indicating a drag-and-drop action.
