Texas to Louisiana Energy Pathway Project – CP22-495-000

On March 27, 2025, the Commission issued a letter order granting Transco’s February 28, 2025’, request, as supplemented on March 19, 2025, to place into service facilities associated with the Texas to Louisiana Energy Pathway Project and commence service. The Project was placed into service on April 1, 2025.

Southeast Energy Connector Project – CP22-501-000

On March 27, 2025, the Commission issued a letter order granting Transco’s March 4, 2025 request to place into service facilities associated with the Southeast Energy Connector Project (“Project”) and commence service. The Project was placed into service on April 1, 2025.

Fuel Retention Tracker Filing for the Clermont Receipt Point (Docket No. RP25-821-000)

On April 11, 2025, Transco filed revised tariff records to track fuel retention percentage changes attributable to the lease by Transco of firm capacity from National Fuel under the terms of a Capacity Lease Agreement, which is applicable to quantities scheduled from the point of interconnection between National Fuel’s pipeline system and the northern terminus of National Fuel Gas Midstream LLC’s gathering system known as the Clermont NFG receipt point under Transco’s Rate Schedules FT and IT. The proposed effective date is April 1, 2025.
