Leidy South Project (Docket No. CP19-494-000)

On July 31, 2019, Transco submitted an Application for Certificate for Public Convenience and Necessity and for Order Permitting and Approving Abandonment of Facilities for the Leidy South Project (“Project”). The Project would enable Transco to provide an additional 582,400 dekatherms per day (“dt/day”) of incremental firm transportation capacity for abundant supplies of natural gas from northern and western Pennsylvania to existing and growing markets in Transco’s Zone 6. The anticipated in-service date for the Project is December 1, 2021.

Rivervale South to Market (Docket No. CP17-490)

On July 1, 2019, Transco placed into service certain facilities as part of the Rivervale South to Market Project. The Project facilities include the Orange and Rockland Metering & Regulating Station, the Emerson Metering & Regulating Station and the Paramus Metering and Regulating Station.
