### **Rivervale South to Market (Docket No. CP17-490-000)**

On September 1, 2019, Transco placed the Rivervale South to Market Project into service. The Project provides up to 190,000 dekatherms per day of incremental firm transportation service from the interconnection with Tennessee Gas Pipeline Company, L.L.C. in Bergen County, New Jersey to Transco's Central Manhattan Meter & Regulating ("M&R") Station in Hudson County, New Jersey, and the Station 210 pooling point in Mercer County, New Jersey.

### **Crediting of Storage Service Reservation Charges (Docket No. RP19-1547-000)**

On September 6, 2019, Transco filed revised tariff records with the Commission to add reservation charge crediting provisions to three storage rate schedules: WSS-Open Access, LSS, and SS-2. On October 1, 2019, the Commission approved the revised tariff records, as proposed, effective November 1, 2019.

### **Production Area Turn Back 7(b) Abandonment Application (Docket No. CP19-507-000)**

On September 4, 2019, Transco filed an application with the Commission to obtain authorization pursuant to Section 7(b) of the NGA and Part 157 of the Commission's regulations for the abandonment of a portion of firm transportation service that Transco provides to Fort Hill Natural Gas Authority and Greer Commission of Public Works, provided under Rate Schedule FT. Specifically, Transco is seeking authorization to abandon 838 dt/day of firm capacity for Fort Hill Natural Gas Authority and 352 dt/day of firm capacity for Greer Commission of Public Works. Transco requests that the Commission grant the necessary authorization in order for the abandonment to be effective November 1, 2019.

### **Rate Schedule LNG Modifications (Docket No. RP19-1639-000)**

On September 30, 2019, Transco submitted a tariff filing to increase the flexibility of service under Rate Schedule LNG (Liquefied Natural Gas Storage Service). The tariff revisions are proposed to become effective on November 1, 2019.
