

Welcome to FERC Watch – a customer service provided by Transcontinental Gas Pipe Line Company, LLC (“Transco”). Questions or comments related to the information contained in the FERC Watch should be directed to Whitney Wiener at (281) 222-7439.

Wharton Extension Lateral Abandonment Project (Docket No. CP24-507-000)

On August 1st, Transcontinental Gas Pipe Line filed a prior notice request for authorization to abandon an existing 2.19-mile-long, 12-inch-diameter natural gas pipeline and appurtenant facilities, all located in Potter County, Pennsylvania. On Aug 12th, 2024, the FERC issued the Notice of Application (“NOA”) for the Project. In the NOA, FERC established an Oct 11th, 2024 deadline for filing a motion to intervene.

Transco General Rate Case Filing (RP24-1035-000)

On August 30, 2024, Transco filed a Section 4 general rate case proposed to be effective October 1, 2024. After suspension, the increased rates are expected to become effective March 1, 2025, subject to refund. The principal factors supporting the increase in cost of service are related to the significant number of expansion and maintenance projects placed in service after the effective date of the rates established in Transco’s last NGA Section 4(e) general rate case in Docket No. RP18-1126-000, as well as an increase in depreciation expense, an increase in Asset Retirement Obligation costs, and an increase in return and related income taxes.
